

MCD Global Health's CHW Online Training Program

The South Carolina Department of Health and Environmental Control (DHEC) is pleased to announce a training opportunity for community health workers on chronic diseases.

The registration fee is waived for the first 100 South Carolina-based users who enroll, courtesy of the DHEC.

MCD Global Health's CHW Online Training Program is intended for community health workers and other individuals who assist clients in the prevention, management, and self-management of chronic conditions, such as cancer, high blood pressure, prediabetes, diabetes, and asthma.

This program complements CHW core competency training by providing individuals with added education, skill building, and access to resources.

Training module topics include:

- CHWs and Chronic Conditions Overview*
- High Blood Pressure and Hypertension*
- Prediabetes*
- Diabetes*
- Cholesterol Basics*
- Telehealth Basics*
- Asthma
- Breast Cancer
- Cervical Cancer
- Colorectal Cancer
- Bonus material on COVID-19

*South Carolina Department of Health and Environmental Control recommends taking these modules first.
